VULCAN ADVOCATE, July 3rd, 1918.

PRICE \$1.50 PER YEAR

## VULCAN'S CELEBRATION ON JULY 1st, BEST YET

3,000 People From Surrounding Districts Attend. All Events are Interesting.

A brilliant day, true Alberta weather, is the only description of what the weather conditions were on Monday, and as a consequence all the world and wife, to say nothing of his family, for miles around, were in Vulcan to join in the big celebration, which was the biggest of its kind ever held in town. Fully three thousand people were on the grounds, a crowd excelled in size only by the one which was present at the Stampede. Visitors from Nanton, Staveland, Carmangay, Champion, Blackie, Brant and the surrounding country were here in force and spent one of the best days they ever put in at a similar affair. Everything on the programme went off well from the children's sports at 1 o'clock to the bucking contest in the evening. At the dance the crowd was rather more than the hall would conveniently hold, and many who would have wound up with the light fantastic were turned away as there was no room for them. It is estimated that there were in the neighbourhood of 575 automobiles on the ground. This in conjunction with a number of cars in town and there were well over six hundred automobiles in Vulcan on Monday "over half a million dollars' worth of tin and tyre" as one visitor described it.

From the commencement of the proceedings at 1 o'clock the grounds were thronged. The three booths having refreshments concessions, The Vulcan Church, the Catholic Church and the Red Cross, were doing a roaring business all day. Ice cream lasted only as long as the time it took to serve it out in cones and on dishes and there was a veritable stream of lemonade flowing all day long.

The events of the day were interesting, and it is a tribute to the management that they were pulled off on something like schedule time, resulting in something doing all the time with none of those tedious lapses of time which make people tired. From start to finish the crowd was interested and enjoyed it all.

The children's races were the first on the programme and the kiddies realized the joys of the one public holiday dedicated to them. At the same time the gun club had a match with Champion, the teams of Carmangay and High River failing to put in an appearance. The home club came on top. The tug-of-war which was to have been between four teams from the district, but was only between two teams, Buffalo Hills and Reid Hill, was pulled off next, and the Buffalo Hills team came off victorious.

(Continued on Page 8)

### ALLIED FESTIVAL AT BOYNE

An Allied festival in aid of the Red Cross Society was held at the Boyne school house last Friday night, and it proved to be a very enjoyable affair. All the automobiles there were decorated to represent an Allied country. They were parked in a row, and supper was served from them in cafeteria style. The guests made a tour of the cars calling at the first for the cutlery and dishes, to the next for eatables, and so on down the row, with the last car as the cash desk.

Following this an entertainment was given in the school house, the building being crowded to its capacity. A splendid program was given. There were songs and recitations by several of the school children, and a drill by a number of the boys and girls carrying Allied flags which is worthy of special mention as being exceedingly good. Vulcan was represented by Mrs. Simons, who gave two delightful vocal songs, Miss Travis accompanying, and Mrs. Embree, who gave two humorous readings which were very good and much appreciated by the gathering. Several carloads of people from Vulcan were also present. The cakes, pies, etc., left over from the supper were auctioned off at the close of the program, and a dance ended the evening's entertainment.

Mrs. A. Robinson of Taber, is the guest of Mr. and Mrs. Wm. Watt.

Mr. and Mrs. S. Tucker motored to Calgary on Sunday and spent Dominion Day with friends in the city.

Jose and Bertha Mutz have returned from school in Edmonton for the holidays.

In the "putting" competition at Calgary Dr. C. H. Nelson pulled off two wins and his wife one. "Quite a Nelson Day" as the Albertan remarks.

Mr. McKenzie, of the Bank of Commerce, High River, and Mrs. McKenzie were the guests of Mr. and Mrs. M.L. Gordon on Monday.

Rain which fell last weekend saved the wheat crop in the Flathead reservation, Montana, which was being dried out.

Miss Mary Smith and Miss Gussick of Warner, visited at the home of Miss Smith here from Saturday until Tuesday.

The XL Meat Market will open on Monday next. Mr. G. L. Eamor the proprietor has erected a model meat market on Vulcan street, all the fittings being of the very latest design.

Canada will shortly adopt the suggestion that it issue at frequent intervals, a fair price list, showing prices that retailers pay to the wholesalers for food, and giving fair prices that retailers should charge consumers.

A peep into a casualty clearing station just behind the battle line many of which have been bombed by the boches and nurses and patients butchered.

### HUSTLERS DEFEAT LOCALS 5-1

The local baseball team journeyed to Calgary last Thursday for a game with the Hustlers, and fell victims to the city team. How the Hustlers got away the way they did is not explained by the local boys, who can only attribute their defeat to the cold drive to the city. In the first two innings Calgary got away with scores of 3 and 2, but they stopped there. Brown warmed up to the situation and held them down. It was in the eighth that Vulcan scored their only run. The quality of ball was good, and Brown pitched well, but his support was not up to the usual Vulcan average.

### NANTON BOY DRAGGED TO DEATH

Van Norman Armstrong, the young son of ex-mayor S. T. Armstrong, of Nanton, lost his life last Tuesday by being dragged to death by a horse at his father's farm adjoining Nanton. The boy was only 10 years of age last December. Although no definite particulars of the accident are obtainable it seems that the boy's mother saw him being dragged, with his feet caught in the stirrup. She made an unsuccessful attempt to stop the horse. When the horse stopped the boy was badly mangled and life was extinct. The funeral took place the following day.

Mrs. Henry Ernst returned from California last week.

### "PEG O' MY HEART" COMPETITION

Last week the Advocate announced a guessing competition in connection with "Peg O' My Heart," which comes to the Opera House on July 10th. To the first six persons giving the correct wording to the scene from the play which was published last week, six reserved seat tickets would be given. The following are the names of the first six persons to give the correct answer which is: "That thing will never be president of the United States." Dora Stewart, Vera Van-Silver, Lavina Wilson, Alice Walker, M. A. Stewart, Eunice Walker. The tickets can be obtained by applying at the Advocate office.

### STRAWBERRY FESTIVAL AT ENSIGN

The strawberry festival at Ensign last Friday was in the nature of a garden party. It was held at the school house. Refreshments were served, and sports, baseball and tug-of-war were put on. During the evening ice cream eating contest developed between Mr. Willard Churchill and Mr. Williams. Mr. Churchill ran to ten dishes of ice cream and at that his competitor was content to let the matter go and pay for the feast. The receipts of the affair were in the neighbourhood of \$20.

Mrs. P. McIntyre and T. Carruthers leave this evening for Calgary where they will visit the exhibition. Messrs. J. and W. Churchill will leave for Calgary on tomorrow evening.

### AUTO RUNS OVER BOY

Last Thursday afternoon Edward Jamieson, the son of Mr. and Mrs. J. S. Jamieson had a painful accident in town, being run over by a car driven by Mr. Roy Caldwell. As to how the accident happened exactly is not quite clear, but the boy got in front of the car, which could not be stopped in time to save him being run over by one of the wheels. The boy was taken to the surgery of Dr. A. O. Brown, where it was found that the boy had a bone broken below the knee, and was badly bruised about the body.

### DEATH OF ALSTON RESIDENT

Alston community mourns the death of one of its pioneer residents in the person of Mr. Bernard Dorman, who passed away on Sunday night, June 30th, at the home of his son, Newton Dorman. The funeral took place on Monday, the Rev. A. R. Schrag of Vulcan being the minister, and the interment took place at the Alston cemetery. Six of the pioneers of the district were the pall bearers. Mr. Dorman was 81 years of age and leaves a widow and two sons.

### CONDITIONS OF PIANO PLAYING COMPETITION

The following are the conditions of the piano playing competition which will be held at the Agricultural Society's Fair on August third:

Competitors must live within a radius of thirty miles of Vulcan. The test piece must be played either from note or memory, but memory playing will be taken into consideration in awarding the prize.

There are three grades, primary, intermediate and advanced. The prizes for them are: primary, music case; intermediate, volume of pianoforte music; advanced, volume of classical music.

It is hoped that it will be possible to hold the competition on the Agricultural grounds, should there be a suitable building, but if this is impossible it will be held in town, possibly at the I.O.O.F. hall. The judge for the competition has not yet been decided upon.

### RED CROSS SHIPMENT

The following is the list of goods included in the June shipment of sewing shipped by the Vulcan branch of the Red Cross Society to the Calgary headquarters:

62 arm slings, 65 amputation covers, 70 T bandages, 25 prs. operation stockings, 90 bed pan covers, 80 cotton binders, 47 flannel binders, 1 surgeons coat, 40 surgeon's gowns, 4 nurses aprons, 10 prs. bed socks, 30 prs. socks, 15 suits pygamas, 70 wringers, 17 shirts, 24 sheets, 122 pillow cases, 89 towels, 180 personal property bags, total 1031 articles.

### CARD OF THANKS

Mr. and Mrs. Wm. McPherson wish to thank their many friends for their expressions of sympathy extended to them during their recent sad bereavement.

### MCDONALD-FERGUSON

Another of Vulcan's young couples fell under the sway of Cupid and have "been and gone and done it," when J. A. MacDonald was united in the bonds of holy wedlock to Miss Jean Ferguson this afternoon at half past four at the home of Mr. Neil Ferguson. The ceremony was performed by the Rev. A. R. Schrag in the presence of the immediate relatives of the family from Calgary, Nanton and Brooks, and a few friends. Following the ceremony the party sat down to a dainty bridal luncheon. The bride was dressed in white silk, and her travelling gown was of blue serge. The happy couple motored to Calgary and will spend their honeymoon in Banff. Mr. and Mrs. MacDonald were the recipients of many useful and handsome presents.

Another big dance at the Oddfellows hall on Friday, July 19th. Klebe's 5-piece orchestra. Tickets \$1.00, extra ladies 25c.

### LOCAL ITEMS

Born—To Mr. and Mrs. Edward Ruark, on Thursday, June 27th, a son.

Mr. Jas. J. McNaughton, M.L.A., was in Vulcan for the celebration.

Mr. A. G. Dickinson was a visitor to Calgary for the weekend.

Dr. and Mrs. Beddingfield of High River, were the guests of Mr. and Mrs. G. Buck on Monday.

Mr. and Mrs. C. Wallace, of Eastuary, Sask., were in Vulcan on a visit last week.

Born—To Mr. and Mrs. J. A. Snow, of Vulcan, on Thursday, June 27th, a son.

The mother of Mrs. J. H. Cook arrived from Ontario a few days ago for a visit to Mr. and Mrs. J. H. Cook.

The total number of casualties sustained by the American forces since they joined in the war is 10,000.

Dry weather is responsible for a reduction in the California wheat crop this year of about a million bushels.

Mr. R. Conlin of Sterlingville was in Vulcan today. He returned home on the evening train and expects to be here again for threshing.

As a result of the Red Cross tagging by the members of the two ladies baseball clubs at the celebration on July 1st, the sum of \$196 was raised. The committee wish to thank both collectors and dogators.

All the booths on the grounds on Dominion Day did a roaring business. They were busy from the opening up until ten o'clock at night.

The Saskatchewan crops have great improvement during the past week owing to the local showers which have been generally reported.

In six months time there will be 2,500,000 American troops on the French front according to a statement recently issued by the Petit Journal.

Recent rains, coupled with warm weather at the end of last week, have greatly improved the crop situation in Ontario, says the weekly report of the department of agriculture.

Baron Rhonda, the British food controller, died this morning. Reports state that the deceased had lost strength owing to his having followed his ideas in regard to food control too closely.

Rain threatened pretty badly today and things even got so far that a few drops of rain fell, but the high winds at the time blew the clouds over the district, and the district still lives in hope.

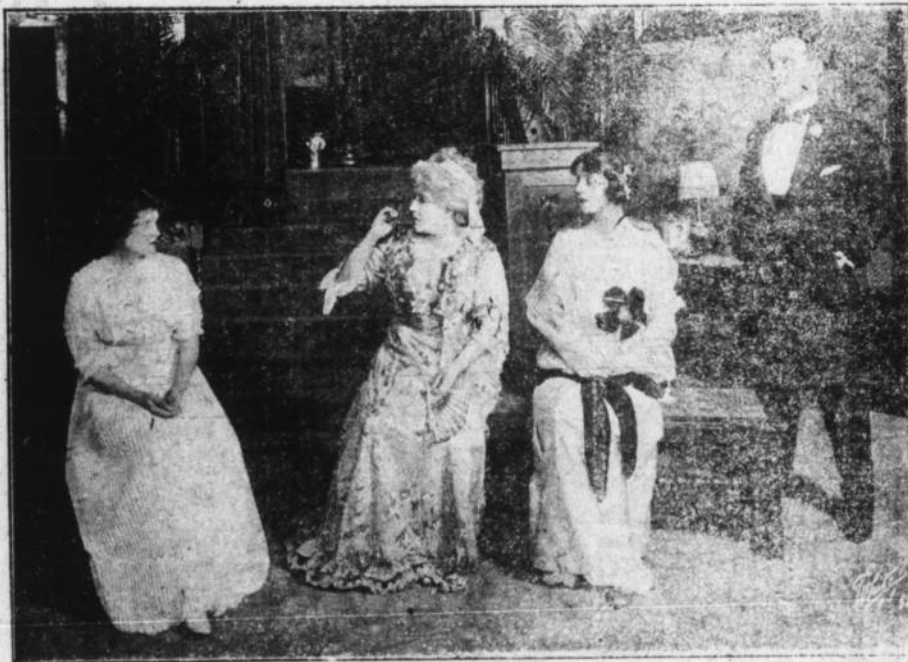

Although it has been reported that Czar of Russia was assassinated last week, no confirmation one way or the other can be obtained. There is also no confirmation of the reported death of Alexis, the former heir apparent.

Mr. W. Cralford has reopened the Home Grain Elevator at Ensign. He has a good supply of coal in stock for those wishing to lay in some of their winter supply. Mr. Cralford has had 15 years experience with the Home and Imperial elevator companies in the west.

The horse that was donated by Mr. Peter Petterson to the Red Cross Society, raffled off, and drawn for on Dominion Day, was the means of raising the sum of \$155.50. At the close of the sports on Dominion Day the sum of \$29.00 was collected when Clarence Davis rode the horse. This makes a total of \$184.50.

On Wednesday evening last the two ladies baseball teams played a game and the Garnets came out victors over the Emeralds by a score of 22 to 5. From the grand stand it looks as if Joe was the official rooster for both sides as his clarion voice can be heard urging either side to greater effort. In fact, Joe is half the fun of the game when you come to think of it, and that is saying something.

Owing to the sinking by the Germans of the Canadian hospital ship Landover the leading New York papers express great indignation. The Times calls for some action by allied and neutral nations to show Germany what the world thinks of her crimes. "The punishment," it says, "should take the form of excommunication, isolation, deprivation, until the guilty nation makes amends and qualifies for re-admission to civilization."

Scene from the everlasting comedy of Youth "Peg O' My Heart" that comes to the Opera House on Wednesday July 10th.

### OUR RESPONSIBILITY OF TODAY

July the first is Canada's 51st year of Confederation and sufficient is known of the history of the Dominion to give us all a pride in the land which is ours. But there is another wide and significant feature connected with the month of July, and it is that it is the anniversary month of the present war. The British Empire did not enter the conflict until the early days of August, but the torch of war was ignited in July 1914. In the trend of every day affairs we who are so far removed from the scene of war were prone at the outset to meet the affair lightly heartedly; our immediate concerns were three thousand miles from Europe and at such a distance the rumblings of war echoed faintly we thought. But the intervening years, with their alternate ebb and flow of war's successes, have brought the lesson home to us with greater force than we ever dared to contemplate. Not one district in the country but has felt its poignant sorrow at seeing some name on the casualty list returned men on the streets remind us of the suffering men are daily undergoing in order that our country may be protected. These men have done and are doing their duty. And we who are at home doing ours no less faithfully? Every man and woman in the country has a certain amount of trust in this war reposed in them, the keeping of which tends to victory just as a betrayal strengthens the hands of the enemy and inclines to our defeat. It has been said that through war, Canada has found her soul. It is a good epigram and if it is true it is immortal. Canada has not found her soul nor has she expressed it until every one within her borders has fully grasped the war and the ideas at stake and given to the cause their undivided strength. The figure of over four hundred thousand fighting men gone from our shores is a thrilling chapter in history, but are we letting these khaki clad men be our symbol only or are we behind them heart and soul? What are we doing, in any way however small, to fight at home the battles that our soldiers are fighting in France?

### VON KUEHLMANN'S NOTABLE SPEECH

The speech of Dr. Von Kuehlmann, German foreign secretary, which was delivered last week is no doubt one of the most important happenings in connection with the war. His expression of an opinion amounting virtually to an admission that Germany cannot hope to win the war by force of arms has caused excitement in more countries than Germany. But for different reasons. In Germany officials coaching has spread the conviction that victory for the Central powers was merely of time and sacrifice, and the Emperor's speeches along the same lines, interspersed with words of specious piety, have given to the coming race along German lines a sacred exterior, the glamour of which only helped to strengthen conviction. On top of this outlook the recent speech of Dr. Von Kuehlmann comes as a thunderbolt. How is the German to take it? He knows that every official pronouncement at this time has been gone over word by word, by the Kaiser and the military leaders. And yet, he must argue, are the Kaiser and the military leaders after all they have said and promised, willing to allow such a speech as this? The question naturally gives rise to grave doubts and for one in the course of the war the German has the opportunity of placing his opinion in one of two places.

To the Allies the speech carries the first semblance of truth from a German official. True, the Kaiser may have shown his strong disapproval of the speech, but that fact only tends to the belief that Von Kuehlmann, having been given his speech to deliver, has run his course of usefulness and will be sacrificed under the Juggernaut of German military power. Nothing can overcome the belief that the German people, having been fed on boasts and vain promises, are now to be slowly but surely disillusioned to prepare them for the inevitable result of the war. In order to gain a fuller significance of Dr. Von Kuehlmann's speech it must be taken in conjunction with the failure of the German drives for Paris and the Austrian offensive on the Italians, none of which have realized the hopes expected of them.

The latest recipient of a title, we are informed, is a brother of Premier Borden. In order of the strong sentiment existing in Canada against the restoration of titles in this country the report comes as a surprise, for we expected more from the Borden. It is high time titles were entirely abolished in this country.

A. Posen, a Pole of Bladworth district, Sask., who had spoken disrespectfully of the Empire, was given plain warning and some disciplining in history, but are we letting these khaki clad men be our symbol only or are we behind them heart and soul? What are we doing, in any way however small, to fight at home the battles that our soldiers are fighting in France?

### THE CROP CONDITION

Compared with last week the crop outlook is somewhat brighter. Occasional showers throughout the district have supplied a little moisture which helps to tide over the hope that there will yet be rain sufficient to redeem the crop to some extent which a few days ago seemed remote if not impossible. In no particular district has rain been anything like general, or although the sky has been cloudy and stormy for the most part local showers have been the sum total of the much needed moisture.

One of the ironies of the season has been that summerfall, which should have had the best crop on it, has invariably got the worst. The frequent high winds during the early part of the season caused much of it to blow, a distinct disappointment when it is recalled how much work was put into preparing the land. Fortunately one hears very little if any talk of ploughing any growing crops up which is a good sign that the crops in this district are justified in their existence.

### WHEN YOU EAT BEEFSTEAK REMEMBER

The next time you pulse your fork into a juicy undercut of beef, or cut a crackly piece of bacon—think!

Remember that compulsory rationing in England includes everyone from the king to the humblest citizen, aggregating several million souls.

That the rationing of meat, sugar, butter and margarine is being accepted by the English people without complaint.

That the allowance of beef, mutton and pork is only 1½ lbs. per week for a grown person and only 10 ozs. for a child.

That the butter or margarine ration is only 4 ozs. per week.

That although restaurants and hotels offer meat dishes few purchase them, one of the largest London restaurants sometimes filling only four seats orders for luncheon.

Indigestion in England has become a crime.

That the crux of the situation today is men and food.

The YOU as well as everyone else must "do your bit."

As a result of the war, juvenile crime in Canada is said to be on the increase. Such youthful emulation of the Kaiser is unpatriotic to a degree.

Notwithstanding the visit to Europe and France of a number of Canadian editors, Field Marshall Haig is still on the job.

The Austrians are reported to be hard hit in certain places. From this distance it looks as if the bread basket might be one place.

A great discussion is going on as to whether the U. S. soldiers should be called "Yanks" or "Sammies," what's in a name? A "Yank" by any other name would fight as well.

It has been estimated by the Minister of Public Works for Alberta, that the new tractor graders in use by the government will reduce the cost of road building in the southern part of the province by 50 per cent.

The King of England is to pitch the first ball of baseball game in London on July 4th between the U. S. military and naval forces. One has a mental idea of the catcher saying "Give 'er to me, old kid."

The French and British in a surprise attack last week gained territory from the Germans, which must tend to remind the enemy that the Allies are still in the fight despite the Kaiser's speeches.

### SAVING MORE FLOUR

New regulations making it compulsory to purchase certain substitutes when buying flour became effective in Canada on July 1st. West of the Great Lakes there is a concession made which allows the people there to buy a smaller proportion of substitutes than in Eastern Canada. The substitutes for wheat flour, which can be bought in the proportion of one pound to every four pounds of flour are:

Pure and wholesome corn, oats, barley, rye, buckwheat, tapioca or potato flour, bran, shorts, oatmeal, rolled oats, rice, cornmeal, cornstarch, hominy, rye meal, tapioca or any mixture of same, and potatoes. Four pounds of potatoes will be considered equivalent to one pound of other substitutes.

What have you done about your next winter's fuel supply? Get busy now and arrange for your stock. It is none too soon.

## FARMLABOR

Vulcan Employment Agency

If you want to secure farm labor get in touch with us.

### SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS

THE sole head of a family, or any male over 18 years old, who was at the commencement of the present war, and has since continued to be a British subject or a subject of an allied or neutral country, may homestead a quarter section of available Dominion Land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at Dominion Lands Agency or Sub-Agency for District. Entry by proxy may be made on certain conditions. Duties—Six months residence upon and cultivation of land in each of three years.

In certain districts a homesteader may secure an adjoining quarter section as pre-emption. Price \$3.00 per acre. Duties—Resides six months in each of three years after earning homestead patent and cultivate 50 acres extra. May obtain pre-emption patent as soon as homestead patent on certain conditions.

A settler after obtaining homestead patent, if he cannot secure a pre-emption, may take a purchased homestead in certain districts. Price \$3.00 per acre. Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$300.00.

Holders of entries may count time of employment as farm labourer in Canada during 1918 as residence duties under certain conditions.

When Dominion Lands are advertised or posted for entry, returned soldiers who have served overseas and have been honorably discharged, receive one day priority in applying for entry at local Agents Office (but not Sub-Agency). Discharge papers must be presented to Agent.

## Every Farmer Needs a Ford

THE Motor Car is a greater convenience to the average farmer than the telephone, the rural mail or even the grain binder.

The binder which is considered as a very useful implement is rarely used more than a few days during the entire year. The rest of the time it stands idle, taking up space, while the automobile is available for use throughout all seasons, and both day and night.

It is ever ready to run down the lane to the back field or the pasture with a parcel or a message, or take you and your family to town for shopping purposes—or on an errand to the neighbors.

The motor car is called upon whenever anything is wanted in a hurry. It is the most useful implement or convenience for the farm. It helps you conserve your energies and time for productive work and enables you and your family to accomplish more with less energy. You surely feel the need of a Ford. Why not order one today?

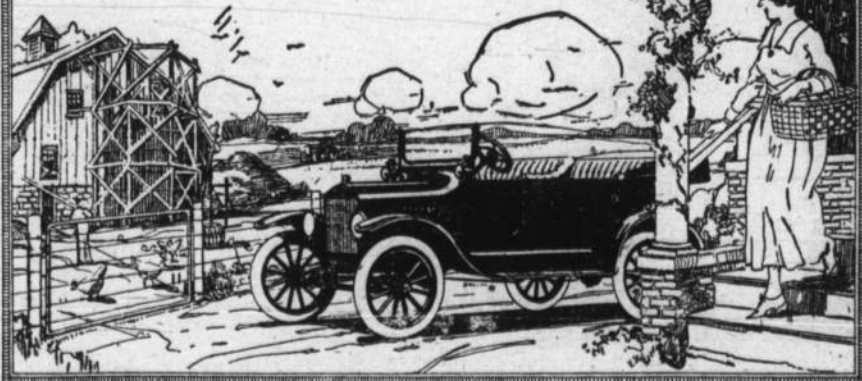

All prices subject to war tax charges, except trucks and chassis

What are we doing, in any way however small, to fight at home the battles that our soldiers are fighting in France?

### VON KUEHLMANN'S NOTABLE SPEECH

The speech of Dr. Von Kuehlmann, German foreign secretary, which was delivered last week is no doubt one of the most important happenings in connection with the war. His expression of an opinion amounting virtually to an admission that Germany cannot hope to win the war by force of arms has caused excitement in more countries than Germany. But for different reasons. In Germany officials coaching has spread the conviction that victory for the Central powers was merely a matter of time and sacrifice, and the Emperor's speeches along the same lines, interspersed with words of specious piety, have given to the coming race along German lines a sacred exterior, the glamour of which only helped to strengthen conviction. On top of this outlook the recent speech of Dr. Von Kuehlmann comes as a thunderbolt: How is the German to take it? He knows that every official pronouncement at this time has been gone over word by word, by the Kaiser and the military leaders. And yet, he must argue, are the Kaiser and the military leaders after all they have said and promised, willing to allow such a speech as this? The question naturally gives rise to grave doubts and for one in the course of the war the German has the opportunity of placing his opinion in one of two places.

To the Allies the speech carries the first semblance of truth from a German official. True, the Kaiser may have shown his strong disapproval of the speech, but that fact only tends to the belief that Von Kuehlmann, having been given his speech to deliver as run his course of usefulness and will be sacrificed under the juggernaut of German military power nothing can overcome the belief that the German people, having been fed on boasts and vain promises are now to be slowly but surely disillusioned to prepare them for the inevitable result of the war. In order to gain a fuller significance of Dr. Von Kuehlmann's speech it must be taken in conjunction with the failure of the German drives for Paris and the Austrian offensive on the Italians, none of which have realized the hopes expected of them.

The latest recipient of a title, we are informed, is a brother of Premier Borden. In order of the strong sentiment existing in Canada against the bestowal of titles in this country the report comes as a surprise, for we expected more from the Borden. It is high time titles were entirely abolished in this country.

A. Posen, a Pole of Bladworth district, Sask., who had spoken disrespectfully of the Empire, was given plain warning and some disciplining by an angry deputation from Davidson, Sask. Before his visitors left he sang three verses of the National Anthem, kissed the flag and promised not again to bite the hand that fed him.

### THE CROP CONDITION

Compared with last week the crop outlook is somewhat brighter. Occasional showers throughout the district have supplied a little moisture which helps to tide over the hope that there will yet be rain sufficient to redeem the crop to some extent which a few days ago seemed remote if not impossible. In no particular district has rain been anything like general, for although the sky has been cloudy and stormy for the most part local showers have been the sum total of the much needed moisture.

One of the ironies of the season has been that summer fallow, which should have had the best crop on it, has invariably got the worst. The frequent high winds during the early part of the season caused much of it to blow, a distinct disappointment when it is recalled how much work was put into preparing the land. Fortunately one hears very little if any talk of ploughing any growing crops up which is a good sign that the crops in this district are justified in their existence.

That the rationing of meat, sugar, butter and margarine is being accepted by the English people without complaint.

That the allowance of beef, mutton and pork is only 1½ lbs. per week for a grown person and only 10 ozs. for a child.

That the butter or margarine ration is only 4 ozs. per week.

That although restaurants and hotels offer meat dishes few purchase them, one of the largest London restaurants sometimes filling only four seats orders for luncheon.

Indigestion in England has become a crime.

That the crux of the situation today is men and food.

The YOU as well as everyone else must "do your bit."

As a result of the war, juvenile crime in Canada is said to be on the increase. Such youthful emulation of the Kaiser is unpatriotic to a degree.

Notwithstanding the visit to Europe and France of a number of Canadian editors, Field Marshall Haig is still on the job.

The Austrians are reported to be hard hit in certain places. From this distance it looks as if the bread basket might be one place.

A great discussion is going on as to whether the U. S. soldiers should be called "Yanks" or "Sammies," what's in a name? A "Yank" by any other name would fight as well.

It has been estimated by the Minister of Public Works for Alberta, that the new tractor graders in use by the government will reduce the cost of road building in the southern part of the province by 50 per cent.

The King of England is to pitch the first ball of baseball game in London on July 4th between the U. S. military and naval forces. One has a mental idea of the catcher saying "Give 'er to me, old kid."

The French and British in a surprise attack last week gained territory from the Germans, which must tend to remind the enemy that the Allies are still in the fight despite the Kaiser's speeches.

### SAVING MORE FLOUR

New regulations making it compulsory to purchase certain substitutes when buying flour became effective in Canada on July 1st. West of the Great Lakes there is a concession made which allows the people there to buy a smaller proportion of substitutes than in Eastern Canada. The substitutes for wheat flour, which can be bought in the proportion of one pound to every four pounds of flour are:

Pure and wholesome corn, oats, barley, rye, buckwheat, tapioca or potato flour, bran, shorts, oatmeal, rolled oats, rice, cornmeal, cornstarch, hominy, rye meal, tapioca or any mixture of same, and potatoes. Four pounds of potatoes will be considered equivalent to one pound of other substitutes.

What have you done about your next winter's fuel supply? Get busy now and arrange for your stock. It is none too soon.

### SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS

THE sole head of a family, or any male over 18 years old, who was at the commencement of the present war, and has since continued to be a British subject or a subject of an allied or neutral country, may homestead a quarter section of available Dominion Land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at Dominion Lands Agency or Sub-Agency for District. Entry by proxy may be made on certain conditions. Duties—Six months residence upon and cultivation of land in each of three years.

In certain districts a homesteader may secure an adjoining quarter section as pre-emption. Price \$3.00 per acre. Duties—Resides six months in each of three years after earning homestead patent and cultivate 50 acres extra. May obtain pre-emption patent as soon as homestead patent on certain conditions.

A settler after obtaining homestead patent, if he cannot secure a pre-emption, may take a purchased homestead in certain districts. Price \$3.00 per acre. Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$300.00.

Holders of entries may count time of employment as farm labourer in Canada during 1918 as residence duties under certain conditions.

When Dominion Lands are advertised or posted for entry, returned soldiers who have served overseas and have been honorably discharged, receive one day priority in applying for entry at local Agents Office (but not Sub-Agency.) Discharge papers must be presented to Agent.

## Every Farmer Needs a Ford

THE Motor Car is a greater convenience to the average farmer than the telephone, the rural mail or even the grain binder.

The binder which is considered as a very useful implement is rarely used more than a few days during the entire year. The rest of the time it stands idle, taking up space, while the automobile is available for use throughout all seasons, and both day and night.

It is ever ready to run down the lane to the back field or the pasture with a parcel or a message, or take you and your family to town for shopping purposes—or on an errand to the neighbors.

The motor car is called upon whenever anything is wanted in a hurry. It is the most useful implement or convenience for the farm. It helps you conserve your energies and time for productive work and enables you and your family to accomplish more with less energy. You surely feel the need of a Ford. Why not order one today?

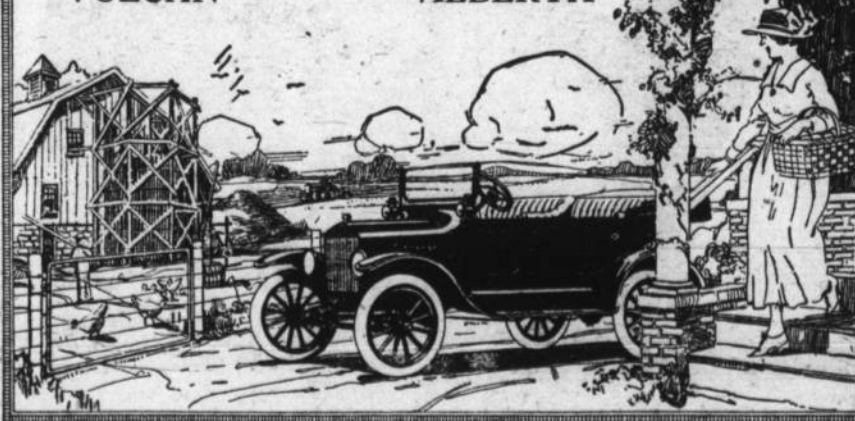

All prices subject to war tax charges, except trucks and chassis

## VULCAN'S CELEBRATION ON JULY 1st, BEST YET

3,000 People From Surrounding Districts Attend. All Events are Interesting.

(Continued from Page 1)

pulling their opponents over the line in short time. Then came the baseball game between the rival girls of the town in which the Garnets put it over the Emeralds to the tune of 18 to 13. Some say it was 18 to 15, so a choice of scores is in order, only be sure that the Garnets won. The pitchers of both teams worked well, but the hitting capacity of the Garnets was better than that of their opponents.

The baseball game between Vulcan and the Calgary All Star team was a positive walk-away for the home team who emerged with a score of 15 to 4 to their credit. At the commencement the game showed signs of being much closer than it was but Vulcan soon got away on the hitting process, and there was only one innings, the third, in which they did not register a score. Calgary team scored one in the first and three in the eighth. The visitors produced three pitchers, Van Norman, C. Turner and Dodger Lewis, but they were all easy to the home swatters. The local team played excellent ball all the time and pitcher Brown had excellent support in all parts of the field. Brown seemed to do just what he liked with the visitors. Buckley hit five safe singles in as many visits to the plate, one of these going for a home run. C. Starr also secured four hits. For the visitors Dodger Lewis pulled off a good double play in the fifth, and the locals did likewise, Lapp to Buckley to C. Starr.

Horse racing is ever sure of a sympathetic crowd and although the races on Monday were fewer in number than usual, they were better, and some good events were run. In the ladies race, with three entrants, Miss Lanou met with an accident. As she was going around the track her horse shied at a standing car, took fright and jumped a fence throwing Miss Lanou, who sustained a sprained arm. In the bucking contest the worst horse to ride was the one donated to the Red Cross by Mr. Peter Pettersen and won by Mr. J. C. Hall, the draw being made that afternoon on the grounds. Clarence Davis essayed to ride him but was thrown twice. The winner of the bucking contest was W. Mason of Ensign with Clarence Davis second. After this excitement on the grounds was kept going by match races which were as good as any during the day.

The dance at the I. O. O. F. hall in the evening was a great success and the hall could not accommodate all who would have danced. Klebe's seven-piece orchestra supplied the music, and it was three o'clock next morning until the last event of the day closed down.

The result of the various events of the day are as follows: Childrens races boys under 8 years, 1st E. Mutz, 2nd Kenneth Martin; girls under 8 years 1st Ida Obrey, 2nd Dora Martin; boys under 10 years, 1st Vanskiver, 2nd

R. Kitchen, 3rd G. McPherson; girls under 10 years; 1st Grace McDonald, 2nd Grace Burgess, 3rd V. McDonald; boys under 16 years, 1st Wm. McPherson, 2nd B. Obrey, 3rd D. Brooks; girls under 16 years, 1st L. Fertig, 2nd F. Leroy, 3rd B. Mutz; mens 100 yards dash, 1st C. Phillips, 2nd W. Matlock.

Tug-of-War: Buffalo Hills team beat Reid Hill team.

Vulcan beat Champion in the trap shoot.

Score by innings of the Vulcan-Calgary All Star baseball game:

Calgary 010 000 030  
Vulcan 130 231 41-

Ladies baseball, Garnets Vs. Emeralds: Garnets 18, Emeralds 13.

Horse racing: Chinook, F. Johnson, 1st; Roy, H. W. Johnson, 2nd; free-for-all, Paddy, E. Arnold, 1st; Chinook, F. Johnson, 2nd; Ladies race, Miss Davis, 1st; I. Goodrich, 2nd; Relay race, C. Davis, 1st; J. Dew 2nd.

Bucking contest: W. Mason 1st; C. Davis 2nd.

The Carmangay Boys Band provided music on the grounds during the day, and the aggregation is a decided credit to the leader Mr. L. Hulbert.

### THOSE RURAL PROFITEERS

And men relate that Mrs. Newlywed went to the grocery store to do her morning marketing. And she was determined that the grocer should not take advantage of her youth and inexperience.

"These eggs are dreadfully small," she criticized.

"I know it," he answered. "But that's the kind the farmer brings me. They are just fresh from the country this morning."

"Yes," said the bride, "and that's the trouble with those farmers. They are so anxious to get their eggs sold that they take them off the nest too soon."

The sweeping charges made by the president of the Guelph Ministerial Association are disposed of by the statement by the militia department with reference to the young men in the St. Stanislaus novitiate at Guelph, that in the case of only two of them is there any question of their liability under the Military Service Act. The son of the Minister of Justice, whose presence in the institution was, it is evident, largely responsible for the stir that has been created, is not by any means liable, owing to ill health. The association thus displayed a political bias that does not look well.

School lands at the recent sale at Wainwright, Alberta, sold as high as \$51 per acre.

Ajuinaldo, the elusive Filopina, who lead the American troops a merry chase for many months, has recently stepped out of obscurity and along with a large number of his countrymen, has offered his services in the field to his former enemies.

## THE AMALGAMATED FAIR TO BE BIG ATTRACTION

List of Attractions Calculated To Draw Big Crowd July 22nd to 27th

The big Amalgamated Fair and Stampede to be held in Lethbridge, July 22nd to 27th presents an attraction which will eclipse any previous event of this nature held in Canada.

The entertainment which will be offered the visitors to the Fair will satisfy the most exacting. The management has spared no expense in an endeavor to secure the best performers of the continent, and many of have signified their intention of taking part in the various events. In this connection it is announced that Chest. Byers, who is generally conceded to be the world's champion trick roper, and Tex McLeod, who is an aspirant for premier honors, will settle the question of supremacy at the Lethbridge Stampede. These boys have been in receipt of flattering offers from all over the continent, but it remained for the Lethbridge management to get them together and arrange for the contest. This attraction, it may be confidently asserted, will be worth the full price of admission.

The cowboy bucking contest with saddle with its purse of \$1000 is also to be a feature event. A number of real bad horses have been secured, and the ability of the best riders to stay in the saddle will be severely tested.

Practically all the Stampede events will be pulled off on the race track, thus insuring a close up view from the grand stand. In addition to the Stampede features, the platform attractions will be fully up to the standard of other fairs, while a good program of horse races will round out a performance which will be replete with variety, excitement and comedy. The program committee, indeed, have been to some difficulty to make up the time table for the various events, with the result that at times the spectator will imagine himself at a three ring circus, with a performance on the platform, race track and centre field all vying with each other to engage his attention.

Every day will be a big day from the time the opening parade is started on Tuesday morning until the curtain is rung down on Saturday night.

If somebody doesn't get busy with a hammer on the local sidewalks pretty quick, the available stock of boots will be all used up.

Rural school nurses are to extend their ministrations to the province of Saskatchewan; the department of education having appointed a nurse for each two inspectorates, and this number will probably be increased as the work develops.

The U.F.W.A. is urging every club to form a junior branch. They realize that the leaders of tomorrow must be prepared today. We would like to hear from clubs that have done something along this line, as to method of organization and work.

barrel in Moscow. Let us bear this in mind when we have to use ten per cent of wheat substitute in our own bread.

The appointment of the deputy postmaster at Toronto to the postmaster of that city is an indication that the Union Government is only appointing men of ability and training to positions of trust. The old system of appointing party heelers to such positions was a wasteful and unfair one and the country will be greatly benefited when appointments are made on merit only.

The order-in-council recently passed at Ottawa, making it impossible for one person to obtain more than a section of land at a Dominion sale of lands and arranging for an upset price arrived at after precise valuation should have been passed long ago. This restriction should have been placed long ago. Furthermore these lands should be sold only to those who will undertake to cultivate them. The C.P.R. has made no sales for some time, only to boni-fide farmers and the Dominion would do well to follow their example.

## WHAT THE PRESS GOT FOR ADVERTISING LOAN

Various estimates have been made as to the amount the press received from the Government in connection with the press publicity for the Victory Loan, but the actual figures paid were clearly set forth in audited statements submitted to the Annual Meeting of Canadian Press Association, Inc., held in Toronto on June 13th and 14th.

The total amount paid by the Government for advertising space was \$165,419.81, which was distributed among 1,400 newspapers and other publications. Approximately \$5,000 was spent in the preparation of and distribution to the press of a large number of special articles, illustrations, cartoons, etc., which were inserted in the press without charge. The setting of type and making of duplicate plates of the advertisements for the various publications used and the fees paid to the five co-operating advertising agencies for their services cost in the neighborhood of \$37,000, making the total expenditure \$208,166.09.

As the total cost of floating the Loan was approximately \$5,000,000, the Government's expenditure on press publicity represents less than five per cent of the total expenditure. It is interesting to note also that the press publicity cost only one-twentieth of one per cent of the total amount subscribed to the Loan.

The press publicity for the Loan was handled by the Canadian Press Association, Inc., and the officers of the Association and its individual members co-operated splendidly in making the campaign a success. During three months last Fall most of the time of the President, Mr. J. H. Woods, Calgary, "Herald," and the office staff, was devoted to the press publicity campaign, and for several weeks the committee of publishers in charge were in almost continuous session. The individual members, on the other hand, contributed, without charge, space in their newspapers and other publications which, if calculated at their regular commercial rates, would run up to more than the total amount paid for the advertising space.

Neither Canadian Press Association, Inc., as such, nor any of its officers or committees, received any remuneration for their services in connection with the Loan, those services being given voluntarily and in the spirit of national service.

### MEMBERSHIP COMPETITION

In the U. F. A. membership drive which is now on Sun Prairie union (Nanton) and High River union have entered a competition for membership the loser to provide an oyster supper for both unions, the winner being the one having the largest membership at the end of the current year. But at the beginning of the year Sun Prairie union had about a hundred members when High River had 33. But High River has 160 now and the Nanton union only 125. But with six months for work, the local here still has a chance for a free feed in January, and they also have a chance to pay for two suppers to get one.—Nanton News.

## "PEG O' MY HEART" HERE ON JULY 10th

This charming comedy is coming to Vulcan and will be presented at the Opera House on Wednesday, July 10, by the United Producing Co. Every one knows that this popular amusement Company, and may be sure that they will give a fine cast and charming staging of it. That they have picked the members of the Cast by their fitness, physically and temperamentally to interpret their role, is one of the features that make the performance worth while. Belva Morrell has been chosen to play the part of "Peg," the Irish Mad-cap, one of the most fascinating dramatic creations of modern times.

"Peg" comes out to England and falls unannounced in the midst of an English family of aristocratic relations with strict traditions. She walks into the library with her shabby travelling bag and shabby, the real dog under her arm.

It seems she was willed on the Chichesters by a relative, just dead. She is the daughter of a runaway sister of the family, who married beneath her station and went off to America. Peg has no advantages except her poverty, which lets her see something of life. Her Irish father who she describes as the best man in the world, gave her a quaint brogue and her wit—but very little else except her looks, which are quite out of the ordinary.

The lights and shades of contrast between the convention petrified Chichesters and natural Peg form the basis of the humorous situations in the play. Peg falls in love with Sir Gerald, a young Executor of the Will the play. Peg falls in love with Sir she gets to know under the name of "Jerry." She makes him take her to a dance which she is forbidden to attend, and afterwards stops her cousin from running away with a married man with whom she is infatuated.

Seats are now on sale at the D. C. Jones Drug Store.

### PARCELS TO PRISONERS OF WAR IN TURKEY

A notification has been received from the British Authorities to the effect that the Parcel Post Service for Prisoners of War in Turkey or Bulgaria is at present suspended. Until this Service is resumed no parcels can be forwarded to Prisoners of War in Turkey or Bulgaria and persons desiring to help Prisoners of War in these countries are advised to forward remittances to them. These can be sent by means of Post Office Money Order which are issued free of commission. Particulars as to how to proceed may be obtained from Postmasters of Accounting Offices. Any parcels for Prisoners of War in these countries which may be intercepted in the course of transmission will be returned to the senders, providing the name of the senders is given on the parcel.

## PUBLIC NOTICE

### Military Service Act, 1917.

Men 19 and 20 Years of Age.  
Harvest Leave.

Leave of Absence on Ground of Extreme Hardship.  
Procedure to obtain Leave of Absence.

#### Men Nineteen and Twenty Years of Age.

It has come to the attention of the Government that there is a widespread impression that young men of nineteen years, and those who became twenty since October 13, 1917, as well as those who may become nineteen from time to time and who have been or will be called upon to register under the Military Service Act, are to be immediately called to the colours.

This impression is quite incorrect. No date has yet been fixed for calling up such men to so report for duty, nor has the question been brought before the Cabinet for decision. In view of the need of labour on the farm, it is most unlikely that consideration will be given to the matter until after the harvest is over, although of course the Government's action must be determined primarily by the military situation.

There is no further obligation incumbent upon young men of the ages above mentioned who have registered or who do so hereafter, until they receive notice from the Registrars.

#### Harvest Leave.

Some enquiries have been received as to the possibility of granting harvest leave to such troops as may be in the country at that time. No definite assurance can be given on this point as advantage must be taken of ships as they become available. On the other hand, harvest leave will be given if at all possible.

#### Leave of Absence on Grounds of Extreme Hardship.

It is desired that the Regulations respecting leave of absence in cases of hardship should be widely known and fully understood. Such leave will be granted in two cases:— (a) where extreme hardship arises by reason of the fact that the man concerned is either the only son capable of earning a livelihood, of a father killed or disabled on service or presently in service overseas, or in training for such service, or under treatment after returning from overseas; or the only remaining of two or more brothers capable of earning a livelihood (the other brother or brothers having been killed or disabled on service, or being presently in service overseas, or in training for overseas or under treatment after his or their return from overseas); brothers married before 4th August, 1914, living in separate establishments and having a child or children not to be counted, in determining the fact that the man is the "only" remaining son or brother; (b) where extreme hardship arises by reason of exceptional circumstances such as the fact that the man concerned is the sole support of a widowed mother, an invalid father or other helpless dependents.

It is to be noted that in all these cases the governing factor is not hardship, loss or suffering to the individual concerned, but to others, that is, members of his family or those depending upon him.

#### Procedure to obtain leave of absence.

A simple system for dealing with these cases has been adopted. Forms of application have been supplied to every Depot Battalion and an officer of each battalion has been detailed whose duty it is to give them immediate attention. The man concerned should on reporting to his unit state that he desires to apply for leave of absence on one or more of the grounds mentioned and his application form will then be filled out and forwarded to Militia Headquarters, Ottawa. In the meantime, if the case appears meritorious, the man will be given provisional leave of absence for thirty days so that he may return home and continue his civil occupation while his case is being finally disposed of.

ISSUED BY DEPARTMENT OF MILITIA AND DEFENCE,  
DEPARTMENT OF JUSTICE.

### WHAT THE PRESS GOT FOR ADVERTISING LOAN

Various estimates have been made as to the amount the press received from the Government in connection with the press publicity for the Victory Loan, but the actual figures paid were clearly set forth in audited statements submitted to the Annual Meeting of Canadian Press Association, Inc., held in Toronto on June 13th and 14th.

The total amount paid by the Government for advertising space was \$165,419.81, which was distributed among 1,400 newspapers and other publications. Approximately \$5,000 was spent in the preparation of and distribution to the press of a large number of special articles, illustrations, cartoons, etc., which were inserted in the press without charge. The setting of type and making of duplicate plates of the advertisements for the various publications used and the fees paid to the five co-operating advertising agencies for their services cost in the neighborhood of \$37,000, making the total expenditure \$208,166.09.

As the total cost of floating the Loan was approximately \$5,000,000, the Government's expenditure on press publicity represents less than five per cent of the total expenditure. It is interesting to note also that the press publicity cost only one-twentieth of one per cent of the total amount subscribed to the Loan.

The press publicity for the Loan was handled by the Canadian Press Association, Inc., and the officers of the Association and its individual members co-operated splendidly in making the campaign a success. During three months last Fall, most of the time of the President, Mr. J. H. Woods, Calgary, "Herald," and the office staff, was devoted to the press publicity campaign, and for several weeks the committee of publishers in charge were in almost continuous session. The individual members, on the other hand, contributed, without charge, space in their newspapers and other publications which, if calculated at their regular commercial rates, would run up to more than the total amount paid for the advertising space.

Neither Canadian Press Association, Inc., as such, nor any of its officers or committees, received any remuneration for their services in connection with the Loan, those services being given voluntarily and in the spirit of national service.

#### MEMBERSHIP COMPETITION

In the U. F. A. membership drive which is now on Sun Prairie union (Nanton) and High River union have entered a competition for membership the loser to provide an oyster supper for both unions, the winner being the one having the largest membership at the end of the current year. But at the beginning of the year Sun Prairie union had about a hundred members when High River had 33. But High River has 160 now and the Nanton union only 125. But with six months for work, the local here still has a chance for a free feed in January, and they also have a chance to pay for two suppers to get one.—Nanton News.

### "PEG O' MY HEART" HERE ON JULY 10th

This charming comedy is coming to Vulcan and will be presented at the Opera House on Wednesday, July 10, by the United Producing Co. Every one knows that this popular amusement Company, and may be sure that they will give a fine cast and charming staging of it. That they have picked the members of the Cast by their fitness, physically and temperamentally to interpret their role, is one of the features that make the performance worth while. Belva Morrell has been chosen to play the part of "Peg," the Irish Mad-cap, one of the most fascinating dramatic creations of modern times.

"Peg" comes out to England and falls unannounced in the midst of an English family of aristocratic relations with strict traditions. She walks into the library with her shabby travelling bag and shabby, the real dog under her arm.

It seems she was willed on the Chichesters by a relative just dead. She is the daughter of a runaway sister of the family, who married beneath her station and went off to America. Peg has no advantages except her poverty, which lets her see something of life. Her Irish father who she describes as the best man in the world, gave her a quaint brogue and her wit—but very little else except her looks, which are quite out of the ordinary.

The lights and shades of contrast between the convention petrified Chichesters and natural Peg form the basis of the humorous situations in the play. Peg falls in love with Sir Gerald, a young Executor of the Will the play. Peg falls in love with Sir she gets to know under the name of "Jerry." She makes him take her to a dance which she is forbidden to attend, and afterwards stops her cousin from running away with a married man with whom she is infatuated.

Seats are now on sale at the D. C. Jones Drug Store.

#### PARCELS TO PRISONERS OF WAR IN TURKEY

A notification has been received from the British Authorities to the effect that the Parcel Post Service for Prisoners of War in Turkey or Bulgaria is at present suspended. Until this Service is resumed no parcels can be forwarded to Prisoners of War in Turkey or Bulgaria and persons desiring to help Prisoners of War in these countries are advised to forward remittances to them. These can be sent by means of Post Office Money Order which are issued free of commission. Particulars as to how to proceed may be obtained from Postmasters of Accounting Offices. Any parcels for Prisoners of War in these countries which may be intercepted in the course of transmission will be returned to the senders, providing the name of the senders is given on the parcel.
